

## Dual Camera Dashcam DrivePro 620

The DrivePro 620 is the ultimate pair of dashcams combining Transcend's DrivePro 250 as the front camera and DrivePro 10 as the rear camera. Featuring high-sensitivity STARVIS™ image sensors, it delivers crystal clear sharpness and night images even in low light. 1080P Full HD recording at 60fps ensures smooth image capture and clear critical shots. With built-in safety functions like a head-up display, emergency recording, and more, the DrivePro 620 is bound to protect your journey all round.

### STARVIS™ high-sensitivity image sensors

The DrivePro 620 is the ultimate in dashcam technology, pairing Transcend's DrivePro 250 as a front camera and DrivePro 10 as a rear camera. Both feature STARVIS™ image sensors to capture high-resolution images in superb, rich color even in low light. Supporting 1080P Full HD recording at 60fps, the DrivePro 620 offers smooth footage as well as crisp still images.

Note: STARVIS is a trademark of Sony Corporation.

### Dual camera recording, double the safety.

Packed with compact front and rear cameras, the DrivePro 620 monitors both the road ahead and behind simultaneously in ultra-high resolution, which means extra security for your journey. The 140° wide-angle view makes sure no details are missed. Plenty of smart functions make every journey safer.

### Wi-Fi connectivity

The DrivePro 620 features Wi-Fi connectivity to connect it to the exclusive DrivePro App for real-time footage playback and download. When Wi-Fi is activated in the front camera, the rear camera will be automatically connected to Wi-Fi as well. This means ease of access to video evidence for reporting incidents to law enforcement and insurance companies without having to remove the memory card.

## Dual Camera Dashcam DrivePro 620

### Features

- Dual camera recording for all-round protection
- STARVIS™ high-sensitivity image sensors
- Built-in Wi-Fi function for mobile live streaming
- Built-in battery prevents losing crucial images in the event of a power outage

#### DrivePro App

DrivePro App is designed for use with DrivePro dashcams featuring Wi-Fi connectivity. Stream videos and adjust settings from your mobile device, and download footage for on-the-go!

#### DrivePro Toolbox

DrivePro Toolbox helps you play and manage videos recorded on your DrivePro dashcam without installing any separate codecs.

### Specifications

#### Appearance

Dimensions	DP250: 70.2 mm x 63.1 mm x 34.5 mm (2.76" x 2.48" x 1.36") DP10: 58.3 mm x 36 mm x 28.6 mm (2.3" x 1.42" x 1.12")
Weight	DP250: 78 g (2.75 oz) DP10: 40 g (1.41 oz)

#### Interface

USB Type	micro USB to car lighter adapter
Connection Interface	USB 2.0
Wi-Fi Protocol	802.11n

#### Storage

Capacity	Two 32GB microSD card included
----------	--------------------------------

#### Hardware

Display	2.4" color TFT LCD (DP250 only)
Viewing Angle	140° (diagonal)
Aperture	F/2.0

#### Operating Environment

Operating Temperature	DP250: -20°C (-4°F) ~ 65°C (149°F) DP10: -20°C (-4°F) ~ 60°C (140°F)
Input Voltage	12V ~ 24V
Output Voltage	5V / 2.4A

#### Format

Resolution	Full HD 1080P
Frame Rate	60/30 fps
Video Format	MP4 (H.264)

#### Warranty

Certificate	CE / FCC / BSMI / NCC / MIC / KC / RCM / EAC
Warranty	Two-year Limited Warranty

#### Package

Package Contents	DrivePro 250 / DrivePro 10 / Two 32GB microSD memory cards / Car charger with dual USB ports / 8m USB Type-A to micro-USB cable / 4m USB Type-A to micro-USB cable / Adhesive mount / Suction mount / Quick Start Guide
